3 April 1997

TO WHOM IT MAY CONCERN

Mr M Knowles Esq
Fibre mould
105 Broadgate Lane
Horsforth
Leeds
LS18 5DU

Dear Sirs

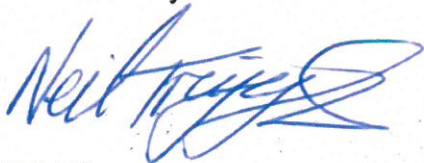

FIBREMOULD

I would confirm that Fibremould carried out extensive renovation and part replacement of the ornate moulded fibrous plaster ceilings within the Kirkgate Chambers section of the Leeds Markets 1904 Shops and Offices Building as part of a £6 million refurbishment between 1991-1993 undertaken and managed by ourselves as Project Architects & Building Surveyors.

I would confirm that works undertaken by Fibremould were carried out in the most sensitive part of the building in terms of restoration to what is a Grade II listed building. In this respect, the standard of work in terms of replacement panels and matching of existing and new work was first class and has received praise by all concerned with the project. Working as one of many sub contractor's, Fibremould's performance exceeded expectations and ensured that this particular aspect of the project was a total success.

I would therefore have no hesitation in recommending Fibremould for this type of work.

Yours faithfully

Neil Triggs
Associate (Project Surveyor for 1904 Shops & Offices Building Refurbishment)

Dear Sirs

Malmaison Hotel – Newcastle & Leeds

Further to our recent telephone conversation regarding the above project we would advise that we were very pleased with your company's work on completion in supplying and installing the infill GRP mouldings to match the existing building cornice at Newcastle and the internal and planter work at Leeds.

Therefore we would have no hesitation at this time in giving your company a reference to this effect.

Assuring you of our best attention at all times.

Yours faithfully
